

DANIEL M. DIDOMENICO TO DISCUSS VALUATION BEST PRACTICES AT ACA SPRING COMPLIANCE CONFERENCE

Philadelphia, PA, May 3, 2017 – Murray Devine, a leading national valuation firm, today announced that Daniel M. DiDomenico III, Senior Managing Director, will be a featured speaker at the ACA Spring 2017 Compliance Conference in Palm Beach Gardens, Florida.

DiDomenico will be participating in the panel: “Valuation of Illiquid and Fair Valued Assets” and will discuss key considerations in evaluating hard-to-value, Level 3 assets and outline best practices in substantiating fair-value assessments.

“In today’s increasingly complex regulatory environment, valuations for illiquid and hard-to-value assets will continue to attract intense scrutiny from both auditors and investors,” said DiDomenico. “Process and documentation are absolutely critical, particularly when it comes to reconciling projections with historical performance or supporting assumptions that inform financial reporting. I look forward to sharing Murray Devine’s proven strategies for portfolio valuation.”

The 2017 ACA Spring Compliance Conference will take place from May 3 to May 5 in Palm Beach Gardens, Florida. DiDomenico’s panel is scheduled for May 4, from 2:05 PM to 3:05 PM EST.

The annual event brings industry experts, attorneys, and senior professionals together to discuss compliance, cybersecurity and performance issues that investment firms and institutions are facing today.
